Kurulum:

1. Adım; Multisim klasöründeki **INSTALL** klasörüne girip Setup.exe çalıştırın.
2. Adım; Kurulum için gerekli olan Seri Numarasını **F4CG-2787-0004-9002-10660** girin.

Sonra normal program kurulum sırasını takip edip Next diyerek ilerleyin.

3. Adım; Kurma işlemi bittikten sonra makinemizi yeniden başlatıp Multisim klasöründeki **UPDATE** klasöründe bulunan setup dosyasını çalıştırıp programın versiyonunu yükseltin.

4. Adım; Kurulum işlemi ve update işlemi bittikten sonra crack işlemine geçebiliriz.

Multisim klasöründeki **CRACK** Klasörü içindeki bütün dosyaları

C:/Program Files (x86)/Electronics Workbench/EWB9 klasörün içine kopyalayın.

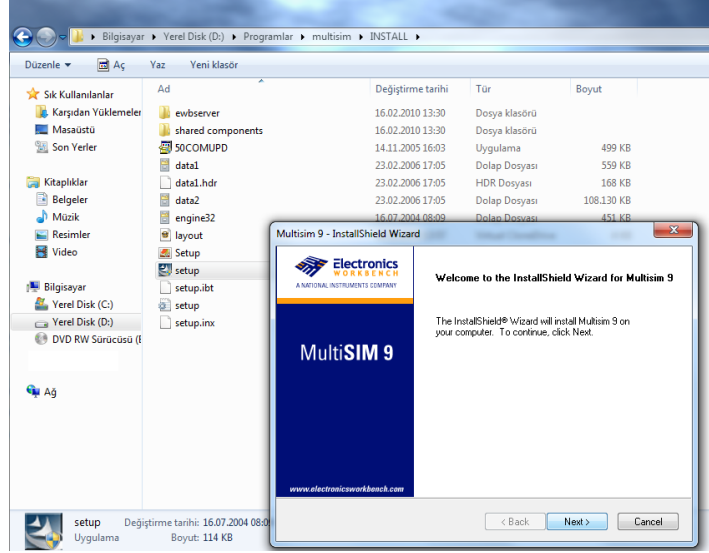

5. Adım; Multisim Programını çalıştırın ve açılan ekranda "Enter Release Code" basın.

Bu işlemin ardından, takip eden penceredeki Release Code kısmına girmeniz gereken ise:

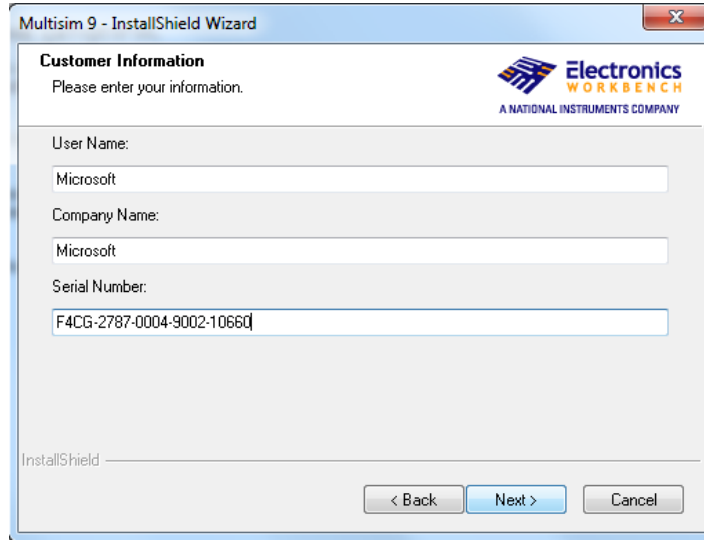

44443-44443-44443-44443-44443-44443

Accept bastığınızda program lisanslı olmuş olacaktır. Artık süresiz olarak kullanabilirsiniz.
